## Report of Superintendent of Schools

---

**To the Superintending School Committee and Citizens of Greenwood:**

I herewith submit my second annual report as Superintendent of Schools.

In the year just passed schools were maintained thirty-two weeks except at Locke's Mills where an extra week was provided last winter. The length of terms and time of beginning varied considerably in the different schools in order to meet local needs. Largely because the wages paid were low several teachers either resigned or asked to be transferred to a better paying position. The maximum and minimum wages (including janitor work spring and fall) remain at \$12.00 and \$8.00 respectively. Four teachers of last year's force still remain. Two normal school graduates have been employed at Locke's Mills. All other positions, except two, have been filled with experienced teachers.

The Greenwood teachers have worked for self improvement. All attended the Oxford County Convention at Bethel last May. Eight attended the Maine Teachers' Convention at Portland in October. On a very stormy day in January every one was present at an all day meeting at Bethel conducted by Florence M. Hale, State Agent for Rural Education. The various other teacher meetings have been very well attended.

Each teacher takes a good school magazine and most have been reading professional books. These efforts have resulted in better teaching.

The schools have made good progress with teachers working diligently and faithfully. In reading the aim has

been to have the pupil get the thought of the author and to express it naturally. A thorough mastery of the fundamental processes and the omission of non-essentials has been insisted on in Arithmetic. The Clark method of writing was introduced in order that correct writing habits might be formed in the lowest grades and a uniform system followed. Language has been taught in every lesson.

Most of the children attended regularly, took an interest in their work and made good advancement. Patch Mountain had a remarkably good record. Not a case of tardiness and only three half days of absence were reported for the entire year. The Bryant school had only three cases of tardiness and few absences. Bad colds, chicken pox, and fear of whooping cough made inroads upon the attendance in three schools. Indifference of parents was responsible for considerable tardiness and some absences in several. Parents must cooperate with the teacher if they desire the best results.

Since both the municipal and the school tax rate of Greenwood is higher than the average of the State, the town was entitled to aid from the Equalization Fund. The State provided \$300.00 to sustain and increase the length of the school year and \$60 for permanent improvements. The improvement fund jacketed all six stoves at Nos. 2, 4, 8, 9 and 10. The small balance remaining will be used for better ventilation. Sanitary water coolers have been placed in each schoolhouse. Part of the benches at No. 1 and No. 9 have been cut down to better accommodate small pupils. One side of the schoolhouse was shingled at No. 9 and a larger stove bought for No. 2. Many minor repairs have been made. These things have made the schools safer and more comfortable while teachers and pupils have worked to make the schools more cheerful and homelike.

Many things remain to be done. Our school year is much shorter than the State's average. More shingling needs to be done in the near future at Nos. 4 and 9. The outbuildings at Nos. 9 and 11 are in bad condition. No. 1 schoolhouse should be painted and modern desks put in. The general repair at No. 9 is poor and new desks are need-

ed and conditions at No. 7 are somewhat similar. The lighting is faulty at Nos. 1, 2, 5, 7, 9 and 10 Grammar. Ventilation needs attention in most of the rooms. It would seem that Nos. 7 and 9 schools might be united again next year and that only two schools be maintained for Nos. 2, 3 and 11.

In conclusion I wish to express my sincere thanks to the teachers for their loyal cooperation, to the Superintending School Committee for its aid and counsel and to the many others who have contributed toward providing better educational opportunities for the boys and girls of Greenwood.

Respectfully submitted,

FRANK H. BYRAM.

## REPORT OF THE SUPERINTENDING SCHOOL COMMITTEE.

To the Citizens of Greenwood:

The committee organized March 6, 1916, with W. E. Penley chairman and F. H. Byram, secretary, ex-officio. Sylvester Cole and H. M. Swift were appointed truant officers. Five subsequent meetings have been held.

The joint committee of Bethel and Greenwood met at Locke's Mills and elected N. R. Springer, chairman, A. S. Cummings, secretary and F. H. Byram superintendent for the district. Gilead was admitted into the union in October.

Ten schools have been maintained thirty-two weeks, No. 7 and No. 9 being united.

The committee recommends that it be authorized to maintain schools Nos. 1, 3, 5, 7 and 11 for the ensuing year and that the following amounts be raised:

For common schools,	\$1,500 00
For high school tuition,	140 00
